Dead link?

Dead link?
by **N. Harmonik** » Mon Mar 15, 2021 4:14 pm

viewtopic.php?f=25&t=816&p=4758&hilit=Nightly#p4758

The link that's in the sentence [Nightly builds are here.] (which is the same as the link shown when I started a new issue thread in GitHub) is not working for me and at least two other people.

currently nightlies are down, however I'm looking to bring that back as soon as I am able to. I'm working on getting some physical hardware that can make and publish multiple binaries for different operating systems.

MSYS2 Build passing
